## Deferment of SMEICC 2020 in view of the Global COVID-19 Pandemic

The Singapore Chinese Chamber of Commerce & Industry (SCCCI) has been closely monitoring the development and escalation of the COVID-19 pandemic in Singapore and globally since its outbreak. The mounting effects on our economy and community have brought much anxiety, uncertainty and disruption to all levels of business and life. Singapore has, in recent days, implemented restrictions on large-scale events and safe distancing measures. As the organisers of the Annual SME Conference, Infocomm Commerce Conference and SME Expo (SMEICC), which sees more than 7,000 participants every year, our utmost priority is to safeguard the well-being of our participants, as well as the wider community.

With these considerations in mind, we have made the difficult decision to skip the 2020's presentation and the SMEICC 2021 will be staged on 18 & 19 August 2021. We look to your continual support as we adjourn all arrangements and preparations to-date towards SMEICC next year. Our team remains committed to working with you to achieve your participation outcomes, we will continue to engage you in conversation to make SMEICC 2021 a success.

SMEICC 2021

In the meantime, the team will be channeling our efforts to work with our government and business partners to help our SMEs get through this difficult time at the present. We regret any inconvenience caused and thank you for your understanding. If you have any questions, please do not hesitate to get in touch with us.
